

Mini Medical School – South

Want to Become a HEALTHCARE HERO?

Join our **FREE** sessions to explore
the exciting world of healthcare!

Mini Medical School – South is offering six free sessions to students interested in learning more about a career in medicine. Each week our instructors will lead a lecture that dives into various aspects of the medical field. This is an exciting opportunity for you to connect with doctors, nurses, and other healthcare professionals to ask questions and expand your knowledge of different healthcare fields.

All Sessions are 6:30 - 8:00pm!

September 10:

AI in Medicine: The Present and Future
Jonathan R. Kauffman, DO

September 17:

Kidney Disease
Sangeetha Satyan, MD - Nephrology

October 1:
